

## LF35\_0059 – Online Questions

1. Well, I know how I got up here from Texas, but what made you move to the region?
2. What do you think is the most unique aspect of the Adirondack Region?
3. What have been a couple of your favorite spots to shoot within the park?
4. Do you think other photographers are missing something by not spending some time up here? (and if so, what is it?)
5. What's been the most unexpected outcome of living and photographing this area?
6. What's the most unique thing that you've been able to photograph within the park?
7. What's been the greatest challenge being a photographer in the Adirondacks?
8. You've got an interest in Infrared Photography and not a lot of photographers do these days – why is that?
9. Have you had any of your camera equipment modified to shoot infrared, or do you do your work in post-processing?
10. You shoot a lot of different types of scenes – which ones sell the best (and why?)
11. How about getting your work out to be seen – is the website the real answer to success in that area, or have you tried other things to get people interested in your work?
12. Your wife Ann is an artist – has she influenced your photography in any way (and if so, how?)
